SOUTH POINT SYSTEMS DATA WAREHOUSE
The South Point Data Warehouse will allow you to inquire against
Monthly Sales Files archived on your system through Save Files.
The data will be temporarily restored to active status.

Line Code : ..... Scan or Enter Part Number: .....

INSTRUCTIONS: Enter a part number above. If prompted enter a line code. If the
part number is invalid you will be prompted if you want to
continue your search. After entering your Part Number select
the months you wish to search on the next screen. Once you have
selected all the months you want to search then press F3 to
perform the search. After the search is completed you will be
shown the search results. Select the months you wish to view
the detailed search results and press F3 and you will be shown
all the invoices that met the search criteria. Place any
character next to the invoices you wish view and press F3 again.
You will then view the invoice thru the Invoice Program Review
mode. Search time will depend on number of invoices to search.
Only months before 8/01/1998 will be searched.

PRESS ENTER TO CONTINUE (+)
F6 - RETRIEVE PART NUMBER F7 - EXIT PROGRAM
F10 - SEARCH FOR A PARTICULAR CUSTOMER NUMBER RATHER THAN PART NUMBER
F14 - DISPLAY PART NUMBERS BY LINE
```

Enter Any Character By Month(s) to Search
 F3 Perform Search
 Results from Search will be displayed as shown below
